

MATERIAL CERTIFICATION

This is to certify that the lubricants listed below have been evaluated and found to be acceptable for use in food processing areas where incidental contact with food is possible. To the best of our knowledge and based upon information from our suppliers, these lubricants are free from nuts or seeds or derivatives of nuts or seeds in their chemical formulation, nor does Bettcher Industries purchase or process nuts or seeds in any of our facilities. In addition, these products are biostatic and will not promote microbial or fungal growth.

The amount of lubricant that is used should be the minimum amount required to accomplish the desired lubrication goals for the equipment on which it is used. Excess amounts of lubrication should be removed with a clean cloth. The Extra Heavy Duty Cleaner is acceptable for use on equipment or surfaces subject to direct food contact but must be thoroughly rinsed with potable water after treatment with the product.

Product Name

Special Whizard Grease

(Available in 35 lb. Can #100640, 14 oz. Cartridge #143631 or Case #163328)

Whizard Food Grade Multipurpose Lubricating Oil

(Available in 16 oz. Bottle #103603 or 1 gal. Container #185567)

WhizLube Spray

(Available in 11.25 oz. Can #173519)

WhizLube Heavy Duty Lubricant

(Available in 12 oz. Cartridge #185548 or 4 oz. Tube #185546)

Max-Z-Lube High Performance Lubricant

(Available in 4 oz. Tube #184282)

Triple B Food Grade Silicone Lubricating Spray

(Available in 11 oz. Can Case #185685)

Extra Heavy Duty Cleaner

(Available in 1 Gallon Container #184332 or Case of 4 Gallons #184331)

Whizard Quantum High Performance Grease

(Available in 13.5 oz. Cartridge #102609, 35 lb. Pail #102612, or Case of 30 Cartridges #103271, 8 oz. Tube #104098 or Case of (24) 8 oz. Tubes #104133)
